

Product Change Notice

Notice: #161017 EOL Announcement

To Our Valued Customer:

We appreciate your use of VI Chip products. Our commitment to customer satisfaction is demonstrated by our notification to you of the following change:

Description:

The products listed below are at end of life (EOL), effective immediately.

Product Affected:

EOL Product	Suggested Replacement Part Number	Package	Pin-out	Electrical Specification
BCM384F480T325A00	BCM384F480T325B00	Same	Same	New version has lower Rout, Higher efficiency
BCM384T480T325A00	BCM384T480T325B00	Same	Same	New version has lower Rout, Higher efficiency

Important Note:

While the BCM384F480T325A00 and BCM384F480T325B00 are mechanically identical and electrically very similar, it is important to note that "A" and "B" versions cannot be paralleled together.

- "A" versions can be paralleled together,
- "B" versions can be paralleled together,
- "A" versions cannot be paralleled with "B" versions in the same circuit.

Schedule:

Due to the lack of availability of internal components, we are unable to accommodate a last time buy

Actions Required:

Customer should place orders for the new part number as specified above. Data sheet for replacement part is available from Vicor web page. Samples for evaluation are available for immediate shipment.
